Hi Devin,

Please find below directions to the Gladstone site where the water treatment operation is being installed.

You will be meeting with Steve Way, the On Scene Coordinator for the site and Monica Lee, an EPA Deputy Press Secretary.

The number for the Command Post at the site is: 303-886-1640

Monica Lee's cell phone number is: 202-713-6902

We have 3 other media outlets coming to the site tomorrow, including the Silverton Standard, the Durango Herald, and Colorado Public Radio.

Please let me know if you have questions.

## Directions to Gladstone Site

Take 550 N out of Durango for approximately 47 miles to Silverton, CO.

Go east through downtown Silverton (Greene st) on State Highway 110

Once through Silverton, continue on State Highway 110 for approximately 6 miles (about 3 miles of this stretch is gravel road).

Gladstone is located at the intersection of Highway 110 with Local Roads 10 and 52.

At this intersection, turn right on the gravel access road to the Gladstone Area.

The incident command trailer is located next to the Quonset Hut. The construction of the water treatment facility is next to the Quonset Hut as well.

I am on board for a 2:00pm meet up.

Would I need to meet you in Silverton and be lead in? Or is there a map with specific instructions I can follow?

Thanks!

D

Hi Devin,

We are looking to confirm the site visit on Thursday, 10/15 to see the water treatment plant that is currently being installed.

Wondering whether it is possible for you to arrive at 2 p.m. as we are concerned about getting everything covered during daylight hours.

I will also try to reach you via phone.

Thanks

Nancy Grantham

That is certainly workable for me!

Will the water treatment plant be in place by the 15<sup>th</sup>? Or at least the makings?

Thanks!

D

Hi Devin – We are looking at the end of next week – likely Thursday – would that work for you?

Thanks

Nancy Grantham

Hi Nancy,  
Just wanted to check in and see if there was any movement on a possible tour for me.

Thanks!

Good morning Nancy!

Just wanted to follow up after we spoke on the phone about the tour of the Gold King Mine site and the new water treatment plant to be put in place.

Let me know what I need to do to get the ball rolling.

Thanks!

Devin
